LMD

lisamooredesign

Lisa Moore Design was established in 1991 and offers a comprehensive design service providing innovative solutions for a wide range of clients.

Lisa's extensive experience (over 20 years) provides an intimate knowledge of the requirements for co-ordination and production of a broad range of corporate communications. Lisa's skills are balanced by her attention to detail from concept development through to print supervision and web design.

This brochure represents a snapshot of some of the diversity of Lisa's design work – including identity and branding design, brochure and report design, web design and development and environmental graphics.

Lisa's website design experience covers content management sites (CMS), e-commerce solutions and both static html sites and sites that are responsive to mobile devices.

Lisa has worked for clients in the following areas:
Branding and corporate identity
Marketing literature
Capability profiles
Reports
Web site design
Wayfinding and environmental graphics.
